Dig a little deeper this summer by exploring ancient archeology. Each time you complete a "Dig" (by reading 1000 pages of your choice), bring your log into the library for a small reward. Dig sites include three World Heritage Sites, "Göbekli Tepe" (1000 pages,) "Skara Brae" (2000 pages,) and "Poverty Point" (3000 pages). You can earn extra page points by completing activities listed inside your log. Each activity may be used only once, but can be earned at any time during your excavation.

In addition, if you successfully complete your log by 2:00 PM on Saturday, August 1st, you'll be entered into our final drawings, be invited to our ending party, and receive five $1 coupons to use toward any unfortunate fine incidents that may occur.

Readers may only participate in the summer reading program once.
